

NEURAL E-COMMERCE PLATFORM

SOFTWARE QUALITY ASSURANCE REPORT

Generated by: Universal AI Build Engine | Date: 25/4/2026

1. Executive Summary

This document contains the automated test case execution results for Neural E-Commerce Platform. The suite includes functional UI tests derived from the architectural specification, and API contracts derived from the active neural symbol table.

Total Tests Executed: 20

Passed: 20

Failed: 0

2. Detailed Test Cases Matrix

Test ID	Module	Scenario	Expected Result	Status
TC-UI-001	Frontend UI	Verify user can access and use: Product Management	UI renders correctly without errors	Pass
TC-UI-E-001	Frontend Errors	Verify error handling when network fails for: Product Management	Graceful error message displayed	Pass
TC-UI-002	Frontend UI	Verify user can access and use: Order Management	UI renders correctly without errors	Pass
TC-UI-E-002	Frontend Errors	Verify error handling when network fails for: Order Management	Graceful error message displayed	Pass
TC-UI-003	Frontend UI	Verify user can access and use: Payment Gateway	UI renders correctly without errors	Pass
TC-UI-E-003	Frontend Errors	Verify error handling when network fails for: Payment Gateway	Graceful error message displayed	Pass
TC-UI-004	Frontend UI	Verify user can access and use: User Management	UI renders correctly without errors	Pass
TC-UI-E-004	Frontend Errors	Verify error handling when network fails for: User Management	Graceful error message displayed	Pass
TC-UI-005	Frontend UI	Verify user can access and use: Reporting and Analytics	UI renders correctly without errors	Pass
TC-UI-E-005	Frontend Errors	Verify error handling when network fails for: Reporting and Analytics	Graceful error message displayed	Pass
TC-UI-006	Frontend UI	Verify user can access and use: Search and Filter	UI renders correctly without errors	Pass
TC-UI-E-006	Frontend Errors	Verify error handling when network fails for: Search and Filter	Graceful error message displayed	Pass
TC-UI-007	Frontend UI	Verify user can access and use: Recommendation System	UI renders correctly without errors	Pass

TC-UI-E-007	Frontend Errors	Verify error handling when network fails for: Recommendation System	Graceful error message displayed	Pass
TC-UI-008	Frontend UI	Verify user can access and use: Rating and Review	UI renders correctly without errors	Pass
TC-UI-E-008	Frontend Errors	Verify error handling when network fails for: Rating and Review	Graceful error message displayed	Pass
TC-UI-009	Frontend UI	Verify user can access and use: Wishlist	UI renders correctly without errors	Pass
TC-UI-E-009	Frontend Errors	Verify error handling when network fails for: Wishlist	Graceful error message displayed	Pass
TC-UI-0010	Frontend UI	Verify user can access and use: Cart	UI renders correctly without errors	Pass
TC-UI-E-0010	Frontend Errors	Verify error handling when network fails for: Cart	Graceful error message displayed	Pass
